Awareness

It's HOT out there! Just like people, animals can suffer heatstroke, which is a serious condition that requires immediate emergency veterinary attention. Dogs and cats have few sweat glands and cannot cool off by sweating like humans, so they overheat even more easily. Below are some signs that your pet may be overheating and ways to prevent it.

Current Shelter Needs

We need collars...Help!

We would love to give every dog that comes to our shelter their own brand new collar, and it's time for us to stock up. We need about 150 collars. Canis Gear has very good quality Martingale Collars, which make it much harder for a dog to back out of a collar and get loose. They cost about \$4.50 each and come in multiple pack sizes and colors. We prefer red, blue, purple, black, or green. Our greatest need for size is MEDIUM, but we could also use some Small and Large.
