New Shelter News

Last week, the MCFA's Design & Build Steering Committee met with Main Street Studio Architects of Sweetwater and several local engineers (plumbing, structural, electrical, HVAC) to finalize the construction drawings for the new shelter, so the bidding process can begin in January.

The committee has worked through the first three project phases with the architects:

1. Schematic Design (floor plan & exterior elevation)
2. Design Development (room layouts, materials, finishes & equipment)
3. Construction Documents

In the months ahead, the architects will work with MCFA during the Bidding Services phase and Construction Administration phase. Additionally, the committee is working with an engineering firm regarding site preparation.

A huge thanks to everyone who donated to the Capital Campaign to make this possible. We are so close to our goal (78% with less than \$1M to go). Please visit our website for more information and to contribute.

There will be no newsletter next week, so Happy Holidays! And beginning in January, the newsletter will be issued twice monthly instead of every week. Check your inboxes on the 1st and 3rd Wednesdays of the month, beginning January 4, 2023!
